## Letter of reference

The National Chamber of Biofuels (Krajowa Izba Biopaliw) cooperates with Europejskie Centrum Consultingu Sp. z o. o in projects realised by the Chamber in the scope of all matters connected with providing funds for the activities led with use of external sources of financing, including structural funds.

In detail, the cooperation consists of :

- verification, monitoring the possibilities of acquisition of subsidisation from the means of European Union for the investments planned for realisation by the members of the Chamber;
- verification of the possibilities of acquisition of subsidisation for the investments planned for realisation from financial means other than European Union's;
- constant information on changes and possibilities of acquisition of subsidisation for investments realised by the clients of the Chamber;
- cooperation in conferences and trainings;
- completion of the application documentation for subsidising of projects from the external financing sources, especially European Union's sources for the Members of the Chamber;
- preparation of appendices for application documentation, including feasibility studies, business plans, etc.;
- development of variation analyses – substantiating the project, cost and profit analyses in all identified aspects, as well as financial and economic analyses;
- settlements and management of the projects that received subsidisation from the external financing sources.

*Z poważaniem*

PREZES ZARZĄDU

*dr Tadeusz Zakrzewski*
